

The Earth Charter

All of us – plants, animals and people – have only one home: the earth. We all need water, earth and air in order to live. So let's keep our planet healthy and beautiful.

The Earth Charter is a declaration of fundamental principles for building a just, sustainable, and peaceful global society for the 21st Century. It was launched in the year 2000 and is supported by ten thousand organizations, governments and institutions worldwide. The *Charter* is not only a call to action, but a motivating force inspiring change all over the world.

What you can do

You can take action yourself in daily life through looking after the environment, caring for animals and plants, treating everyone equally and considering other people.
